Summary

Pedigree Livestock Insurance Limited (PLI) ceased underwriting new business in the Pet Insurance class in early September 2006 due to poor underwriting results. No further policies have been underwritten since this date, and the Company is now in solvent run-off. All of the current live polices had a one-year risk period, therefore, in early September 2007 all policies expired without exception.

PLI is a subsidiary company of AmTrust Europe Limited (AEL), and any remaining renewal policies were transferred with the policyholders' consent to AEL in 2007.

In 2017, PLI initiated a Part VII transfer of all of PLI's assets and liabilities into AEL. The process started in the fourth quarter of 2017 and it is hoped the process will be concluded in the fourth quarter of 2018. Having assessed the position the board no longer believes that PLI is a going concern and accordingly its financial statements and this SFCR should be prepared on a break up basis. This has had no impact on PLI's carrying value of the assets and liabilities included in the financial statements or this SFCR.

On 24 March 2017 the Company announced that for the financial year ending 31 December 2017 and subsequent years it would be changing its functional currency from UK pound sterling ("£") to Euros ("€") as a result of a change in the underlying transactions, events and conditions relevant to the Company.

In line with the change in functional currency, the presentation currency was changed from £ to \in . The comparative information in this report, where relevant, has been re-presented to conform with the current year's presentation.

The Balance Sheet of PLI, both on a UK GAAP basis and a Solvency II basis, as at 31 December 2017 and 31 December 2016 was as follows:

	Solvency II Value Statutory Accounts Value		s Value	
	2017	2016*	2017	2016*
Assets	€000	€000	€000	€000
Cash and cash equivalents	4,440	4,100	4,440	4,100
Total assets	4,440	4,100	4,440	4,100
Liabilities				
Any other liabilities, not elsewhere shown	0	10	0	10
Total liabilities	0	10	0	10
Excess of assets over liabilities	4,440	4,090	4,440	4,090

^{*}Now presented in Euros following the change in presentation currency.

The last claim made against PLI was settled in 2007. The Directors of PLI do not consider that the Company has any further liability under policies issued historically by it, however, it does not qualify for an exemption from Solvency II as the Company is exposed to a remote latent liability risk. This is because, theoretically, claims could still be notified under a policy. This could occur where an injured third party was a minor at the time of the injury covered by the Policy. The time limit for such a claim against the insured is 3 years after the injured party's 18th birthday. While this is considered to be an extremely remote possibility, it is possible that there is a circumstance which has not been notified yet.

The Company maintains a net asset position in line with the minimum capital requirements of Solvency II. The directors' intention is to maintain the minimum capital requirement for the foreseeable future.

PLI's eligible amount of Own Funds eligible to cover the Solvency Capital Requirement (SCR) and the Minimum Capital Requirement (MCR) as of December 31st 2017 is listed in the table below.

	Solvency Overview (in €000s), as of Dec 2017								
Capital Requirement		Tier	Own Funds	Eligible %	Eligible Own Funds	Solvency Ratio			
		1	4,440	100%	4,440				
		2	0	0	0				
		3	0	0	0				
SCR	298	Total	4,440	100%	4,440	1,490%			
		1	4,440	100%	4,440				
		2	0	0	0				
		3	0	0	0				
MCR	3,660	Total	4,440	100%	4,440	121%			

There are no differences between the value of Own Funds under Solvency II and the value of shareholder's funds shown in the Company's Financial Statements.

Directors' statement of responsibilities in respect of the SFCR

The board acknowledges its responsibility for preparing the SFCR in all material respects in accordance with the PRA rules and the Solvency II Regulations, which includes preparing the SFCR on the going concern basis unless it is inappropriate to presume that the company will continue in business. As explained in note A.1.7.-Material Events of the SFCR, the directors do not believe it is appropriate to prepare the SFCR on a going concern basis

We are satisfied that:

- Throughout the financial year in question, the insurer has complied in all material respects with the requirements of the PRA Rules and the Solvency II Regulations as applicable to the insurer; and
- It is reasonable to believe that the insurer has continued so to comply subsequently and will continue so to comply in the future.
- It is appropriate that due to the part VII transfer of assets and liabilities from PLI to AEL, the PLI SFCR and financial statements be prepared on a break up basis.

The SFCR was approved at a meeting of the Board of Directors on 4th May 2018 and signed on its behalf by:

J Cadle (Director)

4th May 2018

Report of the external independent auditor to the Directors of Pedigree Livestock Insurance Limited ('the Company') pursuant to Rule 4.1 (2) of the External Audit Chapter of the PRA Rulebook applicable to Solvency II firms

Report on the Audit of the Relevant Elements of the Solvency and Financial Condition Report

Opinion

Except as stated below, we have audited the following documents prepared by Pedigree Livestock Insurance Limited as at 31 December 2017:

- The 'Valuation for solvency purposes' and 'Capital Management' sections of the Solvency and Financial Condition Report of the Company as at 31 December 2017, ('the Narrative Disclosures subject to audit'); and
- Company templates S02.01.02,S17.01.02, S23.01.01, S25.01.21 and S28.01.01 ('the Templates subject to audit').

The Narrative Disclosures subject to audit and the Templates subject to audit are collectively referred to as the 'Relevant Elements of the Solvency and Financial Condition Report'.

We are not required to audit, nor have we audited, and as a consequence do not express an opinion on the Other Information which comprises:

- The 'Business and performance', 'System of governance' and 'Risk profile' elements of the Solvency and Financial Condition Report;
- Company templates S05.01.02, S05.02.01, S19.01.21;
- the written acknowledgement by management of their responsibilities, including for the preparation of the Solvency and Financial Condition Report ('the Responsibility Statement').

In our opinion, the information subject to audit in the Relevant Elements of the Solvency and Financial Condition Report of the Company as at 31 December 2017 is prepared, in all material respects, in accordance with the financial reporting provisions of the PRA Rules and Solvency II regulations on which they are based, as modified by relevant supervisory modifications, and as supplemented by supervisory approvals and determinations.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)), including ISA (UK) 800 and ISA (UK) 805, and applicable law. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Relevant Elements of the Solvency and Financial Condition Report* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the Solvency and Financial Condition Report in the UK, including the FRC's Ethical Standard as applied to public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – special purpose basis of accounting

We draw attention to the 'Valuation for solvency purposes' and 'Capital Management' sections of the Solvency and Financial Condition Report, which describe the basis of accounting. The Solvency and Financial Condition Report is prepared in compliance with the financial reporting provisions of the PRA Rules and Solvency II regulations, and therefore in accordance with a special purpose financial reporting framework. The Solvency and Financial Condition Report is required to be published, and intended users include but are not limited to the Prudential Regulation Authority. As a result, the Solvency and Financial Condition Report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Emphasis of matter – non-going concern basis of preparation

We draw attention to the disclosure made in A1.7 - Material Events, which explains that the SFCR have not been prepared on the going concern basis for the reason set out in that section. Our opinion is not modified in respect of this matter.

Other Information

The Directors are responsible for the Other Information.

Our opinion on the Relevant Elements of the Solvency and Financial Condition Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Solvency and Financial Condition Report, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the Relevant Elements of the Solvency and Financial Condition Report, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the Relevant Elements of the Solvency and Financial Condition Report or a material misstatement of the Other Information. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the Solvency and Financial Condition Report

The Directors are responsible for the preparation of the Solvency and Financial Condition Report in accordance with the financial reporting provisions of the PRA rules and Solvency II regulations.

The Directors are also responsible for such internal control as they determine is necessary to enable the preparation of a Solvency and Financial Condition Report that is free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Relevant Elements of the Solvency and Financial Condition Report¹

It is our responsibility to form an independent opinion as to whether the Relevant Elements of the Solvency and Financial Condition Report are prepared, in all material respects, with financial reporting provisions of the PRA Rules and Solvency II regulations on which they are based, as modified by relevant supervisory modifications, and as supplemented by supervisory approvals and determinations.

Our objectives are to obtain reasonable assurance about whether the Relevant Elements of the Solvency and Financial Condition Report are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decision making or the judgement of the users taken on the basis of the Relevant Elements of the Solvency and Financial Condition Report.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities.

Report on Other Legal and Regulatory Requirements¹

In accordance with Rule 4.1 (3) of the External Audit Chapter of the PRA Rulebook we are required to consider whether the Other Information is materially inconsistent with our knowledge obtained in the audit of Pedigree Livestock Insurance Limited's statutory financial statements. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

7

The purpose of our audit work and to whom we owe our responsibilities

This report of the external auditor is made solely to the company's directors, as its governing body, in accordance with the requirement in Rule 4.1(2) of the External Audit Part of the PRA Rulebook and the terms of our engagement. We acknowledge that the directors are required to submit the report to the PRA, to enable the PRA to verify that an auditor's report has been commissioned by the company's directors and issued in accordance with the requirement set out in Rule 4.1(2) of the External Audit Part of the PRA Rulebook and to facilitate the discharge by the PRA of its regulatory functions in respect of the company, conferred on the PRA by or under the Financial Services and Markets Act 2000.

Our audit has been undertaken so that we might state to the company's directors those matters we are required to state to them in an auditor's report issued pursuant to Rule 4.1(2) and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company through its governing body, for our audit, for this report, or for the opinions we have formed.

Mark Taylor for and on behalf of KPMG LLP 15 Canada Square London E14 5GL 04 May 2018

- The maintenance and integrity of AmTrust International's website is the responsibility of the directors; the work carried out by the auditors does not involve consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the Solvency and Financial Condition Report since it was initially presented on the website.
- Legislation in the United Kingdom governing the preparation and dissemination of Solvency and Financial Condition Reports may differ from legislation in other jurisdictions.

Appendix – relevant elements of the Solvency and Financial Condition Report that are not subject to audit

Solo standard formula

The Relevant Elements of the Solvency and Financial Condition Report that are not subject to audit comprise:

- The following elements of template S.17.01.02
 - Rows R0290 to R0310 Amount of transitional measure on technical provisions
- Elements of the Narrative Disclosures subject to audit identified as 'unaudited'.

Business and Performance

Section A

A. Business and Performance

A.1 Business

A.1.1 Name and legal form of undertaking

Pedigree Livestock Insurance Limited (PLI or "the Company") is a company limited by shares (Company Number 00746184).

The Company's registered address is as follows:

Pedigree Livestock Insurance Ltd, 10th Floor, Market Square House, St James's Street, Nottingham, NG1 6FG

A.1.2 Supervisory authority

PLI is regulated by the Prudential Regulation Authority (PRA). The PRA was created as a part of the Bank of England by the Financial Services Act (2012) and is responsible for the prudential regulation and supervision of around 1,700 banks, building societies, credit unions, insurers and major investment firms. The PRA's objectives are set out in the Financial Services and Markets Act 2000 (FSMA).

The PRA's registered address is as follows:

Prudential Regulation Authority, Bank of England, Threadneedle St, London, EC2R 8AH Tel 020 7061 4878 enquiries@bankofengland.co.uk

PLI belongs to the AmTrust International Ltd (AIL) group of companies. The Group is also supervised by the PRA.

PLI is also regulated by the Financial Conduct Authority (FCA).

The FCA's registered address is as follows:

Financial Conduct Authority, 25 The North Colonnade, London, E14 5HS

A.1.3 External auditor

PLI, together with the wider AmTrust Group, is audited by KPMG LLP. KPMG's UK office is located at:

KPMG LLP, 15 Canada Square, London, E14 5GL Tel 020 7311 1000

A.1.4 Shareholders of qualifying holding in the undertaking

PLI is a wholly owned subsidiary of AmTrust Europe Limited (AEL) which is a UK Limited Company. AEL is a wholly owned subsidiary of AmTrust International Limited (AIL or the Group) which is a UK Limited Company. PLI's ultimate parent is AmTrust Financial Services Inc (AFSI), a Delaware registered US corporation.

AFSI underwrites and provides property and casualty insurance products, in the United States and internationally to niche customer groups that it believes are generally underserved within the broader insurance market.

As a subsidiary of AmTrust Financial Services Inc. (NASDAQ Global Market: AFSI) the Company benefits from financial, operational and management support. AFSI is a multinational property and casualty insurer specialising in small to medium sized businesses. With extensive underwriting experience and a prestigious "A"

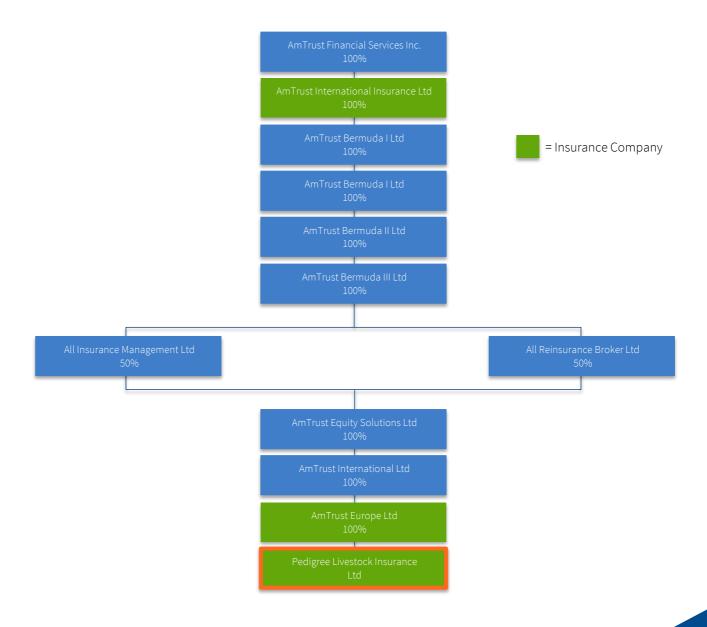

(Excellent) Financial Size "XV" rating from A.M. Best, AFSI has earned a reputation as an innovative, technology driven provider of insurance products. Commitment to excellence is a common thread connecting each of the AmTrust companies.

AFSI's business model focuses on achieving targeted returns and profit growth with the careful management of risk. The Global Group pursues these goals through geographic and product diversification, as well as an in-depth understanding of its insured exposure. The product mix includes, primarily: workers' compensation; extended warranty; and other commercial property/casualty insurance products, including title insurance and crop insurance. Workers' compensation and property/casualty insurance policyholders in the United States are generally small and middle market businesses. Extended warranty customers are manufacturers, distributors and retailers of commercial and consumer products. AmTrust has also built a strong and growing distribution of extended warranty and specialty risk products, including liability and other property/casualty products, in Europe.

AIL is the UK holding company for AFSI's European insurance operations, whose principal entities are: AEL, UK; Car Care Plan Holdings, including Motors Insurance Company Ltd. (MICL), UK; AmTrust Syndicates Ltd. (ASL), UK; and AMT Mortgage Insurance Ltd (AMIL, previously "Genworth Financial Mortgage Insurance Ltd."), UK. AIL also owns a number of administrators worldwide.

A.1.5 Position within the legal structure of the group

The following simplified group structure chart shows where PLI sits within the wider AFSI group.

A.1.6 Material lines of business and material geographical areas where PLI carries out business

PLI ceased underwriting new business in the Pet Insurance class in early September 2006 due to poor underwriting results. No further policies have been underwritten since this date, and the Company is now in solvent run-off. All of the current live polices had a one-year risk period, therefore, in early September 2007 all policies expired without exception.

A.1.7 Material events

A.1.7.1 Part VII transfer

In 2017, PLI initiated a Part VII transfer of all of PLI's assets and liabilities into AEL. The process started in the fourth quarter of 2017 and it is hoped the process will be concluded in the fourth quarter of 2018. Having assessed the position the board no longer believes that PLI is a going concern and accordingly its financial statements and this SFCR should be prepared on a break up basis. This has had no impact on PLI's carrying value of the assets and liabilities included in the financial statements or this SFCR.

A.2 Underwriting Performance

The Company did not underwrite any business during the year.

A.3 Investment Performance

The Company did not hold any investments during the year.

A.4 Performance of other activities

The Company did not undertake any other activities during the year.

A.5 Any other information

A.5.1 Change of functional currency

On 24 March 2017 the Company announced that for the financial year ending 31 December 2017 and subsequent years it would be changing its functional currency from UK pound sterling ("£") to Euros (" \in ") as a result of a change in the underlying transactions, events and conditions relevant to the Company.

In line with the change in functional currency, the presentation currency was changed from $\mathfrak L$ to $\mathfrak L$. The comparative information in this report, where relevant, has been re-presented to conform with the current year's presentation

System of Governance

Section B

B. System of Governance (Unaudited)

B.1 General information on the system of governance

The PLI Board is collectively responsible for compliance with all laws and regulations.

The Board of Directors consists of two members as follows:

Board Member	Position	Key Role
J E Cadle	Director	Legal Counsel
SSTakhar	Director	Chief Risk Officer

The Board has not established any committees, due to the nature of the Company and the fact it is no longer trading.

B.1.1 Remuneration Policy

The Company no longer trades and has no employees.

B.1.1.1 Supplementary pension scheme for Board members

Board members who are also employees of the Group are entitled to join a workplace pension scheme.

The Group provides a workplace pension scheme where all eligible members are automatically enrolled into the scheme and non-eligible or entitled workers can opt in to join the scheme. The pension scheme is a Group Flexible Retirement Plan which is designed to give members flexible ways to save for retirement. Both the employer and employee pay in a contribution which at the least meet the minimum legislative amount. The scheme has a default fund set up so members funds will automatically be invested in the default fund unless they actively choose their own investment funds.

B.1.2 Material transactions with shareholders, persons with significant influence and Board members

PLI has had no material transactions with shareholders, persons with significant influence nor members of Board during the reporting period.

B.1.3 Adequacy of the system of governance

The Board is satisfied that the system of governance of the Company is adequate to the nature, scale and complexity of the risks inherent in its business.

B.2 Fit and Proper Requirements

The PRA and FCA expect that individuals performing Senior Insurance Management Function (SIMF) or Controlled Function (CF) roles remain fit and proper to undertake the role. PLI has a Fit and Proper Policy in place that outlines the various checks at recruitment and throughout employment. In particular, when deciding whether a person is fit and proper, PLI satisfies itself that the individual:

- has the personal characteristics (including being of good repute and integrity);
- possesses the level of competence, knowledge and experience;
- has the qualifications to undertake the role; and
- has undergone or is undergoing all training required to enable such person to perform his or her key function effectively and in accordance with any relevant regulatory requirements, including those under the regulatory system, and to enable sound and prudent management of PLI.

When deciding whether the Board is fit and proper, the Company seeks to ensure that the Directors collectively possess appropriate qualifications, experience and knowledge about at least:

- insurance and financial markets;
- business strategy and business model;
- systems of governance;

- financial and actuarial analysis; and
- regulatory framework and requirements.

Fitness and propriety is checked at recruitment stage through appropriate due diligence and challenge of an individual's CV. Appropriate financial and criminal checks are carried out prior to recruitment of an individual and probation periods are set commensurate with the role. Ongoing assessment of fitness and propriety of all employees is assessed through the annual appraisal process. Performance of the Board is also assessed annually through the Board performance review process.

B.3 Risk management system including the own risk solvency assessment

B.3.1 Risk Management Strategy & Own Risk and Solvency Assessment (ORSA)

The Board is ultimately responsible for determining PLI's risk management strategy.

The last claim made against PLI was settled in 2007. The Directors of PLI do not consider that the Company has any further liability under policies issued historically by it, however, it does not qualify for an exemption from Solvency II as the Company is exposed to a remote latent liability risk. This is because, theoretically, claims could still be notified under a policy. This could occur where an injured third party was a minor at the time of the injury covered by the Policy. The time limit for such a claim against the insured is 3 years after the injured party's 18th birthday. While this is considered to be an extremely remote possibility, it is possible that there is a circumstance which has not been notified yet.

The directors' intention is to maintain the minimum capital requirement for the foreseeable future. As such, the Company maintains its economic capital under its Own Risk & Solvency Assessment (ORSA) to be in line with its minimum capital requirements under Solvency II.

B.4 Internal control system

B.4.1 Internal Control system

The Company does not trade and therefore maintains a proportionate amount of internal controls that are focused around meeting its residual ongoing legal commitments (such as producing statutory accounts) and regulatory commitments (which relate to its authorisations and capital requirements).

For these functions, the Company is entirely dependent on the resources of its parent company, AEL, and the wider AmTrust Group across the following internal control functions:

- Legal & Compliance;
- Company Secretarial;
- Finance; and
- Risk Management.

B.4.2 Compliance function

The Company is dependent on Compliance resources from its parent company, AEL, and the wider AmTrust Group. The Compliance function is responsible for advising the Board on compliance with existing and emerging legal, regulatory and administrative provisions.

The Compliance function has ultimate recourse to the PLI Board and has the right to escalate to the Board any instances of non-compliance with policy.

Compliance takes responsibility for identifying and assessing the wide ranging internal and external obligations the Company has. The Compliance function helps to ensure that PLI clearly understands its regulatory risks and the prevailing requirements.

The Compliance function undertakes checks to ensure that compliance obligations are being met after implementation through a systematic, disciplined and risk based approach to evaluating the effectiveness of compliance controls.

B.5 Internal audit function

Although the Company has access to the AmTrust Group Internal Audit Function, the Board does not believe that PLI requires any Internal Audit service provision as the Company has not traded for several years and is not carrying any liability provisions in its balance sheet.

B.6 Actuarial function

Although the Company has access to the AmTrust Group Actuarial Function, the Board does not believe that PLI requires any Actuarial service provision as the Company has not traded for several years and is not carrying any liability provisions in its balance sheet.

B.7 Outsourcing

The Company is entirely dependent on the resources of its parent company, AEL, and the wider AmTrust Group for the following internal control functions:

- Legal & Compliance;
- Company Secretarial;
- Finance; and
- Risk Management.

The Company has not traded for several years so it does not carry out any other form of outsourcing.

B.8 Any other information

None noted.

Risk Profile

Section C

C. Risk Profile (Unaudited)

C.1 Underwriting risk

PLI ceased underwriting new business in the Pet Insurance class in early September 2006 due to poor underwriting results. No further policies have been underwritten since this date, and the Company is now in solvent run-off. All of the current live polices had a one-year risk period, therefore, in early September 2007 all policies expired without exception.

PLI is a subsidiary company of AmTrust Europe Limited (AEL), and any remaining renewal policies were transferred with the policyholders' consent to AEL in 2007.

The last claim made against PLI was settled in 2007. The Directors of PLI do not consider that the Company has any further liability under policies issued historically by it, however, it does not qualify for an exemption from Solvency II as the Company is exposed to a remote latent liability risk. This is because, theoretically, claims could still be notified under a policy. This could occur where an injured third party was a minor at the time of the injury covered by the Policy. The time limit for such a claim against the insured is 3 years after the injured party's 18th birthday. While this is considered to be an extremely remote possibility, it is possible that there is a circumstance which has not been notified yet.

C.2 Market risk

PLI holds no assets other than cash and no longer trades. As such the Directors do not believe that PLI is exposed to any material market risk.

C.3 Credit risk

PLI holds no assets other than cash and no longer trades. The Company is exposed to a small amount of credit risk in relation to cash held in bank accounts. This risk is mitigated through the use of A rated banks.

C.4 Liquidity risk

PLI holds no assets other than cash and no longer trades. As such the Directors do not believe that PLI is exposed to any liquidity risk.

C.5 Operational risk

PLI holds no assets other than cash and no longer trades. Given the potential latent liability risk described above which requires PLI to continue operating as a regulated insurance company, there is a small amount of operational risk which is related to maintaining its regulatory status and filing annual accounts with Companies House. These functions are effectively outsourced to PLI's parent company, AEL, or the wider AmTrust Group.

C.6 Other material risks

C.6.1 Legal and Regulatory risks

PLI holds no assets other than cash and no longer trades. Given the potential latent liability risk described above which requires PLI to continue operating as a regulated insurance company, there is a small amount of legal & regulatory risk which is related to maintaining its regulatory status and ensuring sufficient capital is held to remain compliant with Solvency II. This is reviewed and managed directly by the Board of PLI.

C.6.2 Other Group risks

PLI is dependent on resources from its parent company, AEL, and the wider AmTrust Group to maintains its regulatory status and capital position. The Company manages this risk by appointing directors from its parent company and the wider AmTrust Group to ensure PLI continues to meet its fiduciary responsibilities.

C.6.3 Solvency risk

The Board of PLI ensures it is solvent at all times through holding formal board meetings and reviewing the Company's financial position on an ongoing basis.

C.7 Any other information

None noted.

Valuation for Solvency Purposes

Section D

D. Valuation for Solvency Purposes

The table below shows the valuation on a Solvency II basis of PLI's assets and liabilities as at 31 December 2017.

	Statutory Accounts Value	Reclassification adjustments	Valuation adjustments	Solvency II Value
	€000	€000	€000	€000
Assets				
Cash and cash equivalents	4,440	0	0	4,440
Total assets	4,440	0	0	4,440
Liabilities				
Any other liabilities, not elsewhere shown	0	0	0	0
Total liabilities	0	0	0	0
Excess of assets over liabilities	4,440	0	0	4,440

D.1 Assets

PLI's assets consist only of cash. This is valued the same for Solvency II purposes as it is in the statutory accounts.

D.2 Technical Provisions

PLI has no technical provisions.

D.3 Other liabilities

PLI has no other liabilities.

D.4 Alternative methods for valuation

PLI does not use any alternative methods for valuation.

D.5 Any other information

None noted

Capital Management

Section E

E. Capital Management

E.1 Own funds

PLI manages its Own Funds with the objective of always being able to satisfy both the MCR and the SCR plus a buffer. Solvency calculations are prepared following the end of each quarter and compared with available Own Funds.

PLI's capital resources are made up of Tier 1 capital instruments and comprise of fully paid ordinary share capital, fully paid share premium plus the reconciliation reserve (accumulated profits on a Solvency II valuation basis.)

On 21 March 2017 300,111 ordinary shares of £1 each ranking pari passu in all respects were allotted and fully paid.

There were no other significant changes in the structure of Own Funds during the year; and no dividends have been paid.

PLI's Solvency II capital at the end of the year and the prior year is shown in the table below.

€'000	Dec 2017	Dec 2016*
Ordinary share capital	5,161	4,810
Share premium	1,905	1,905
Reconciliation reserve	(2,626)	(2,625)
Own funds	4,440	4,090

^{*}Now presented in Euros following the change in presentation currency.

PLI's eligible amount of Own Funds eligible to cover the Solvency Capital Requirement (SCR) and the Minimum Capital Requirement (MCR) as of December 31st 2016 and 2017 is listed in the table below.

Solvency Overview (in €000s), as of Dec 2017								
Capital Requirement		Tier	Own Funds	Eligible %	Eligible Own Funds	Solvency Ratio		
		1	4,440	100%	4,440			
		2	0	0	0			
		3	0	0	0			
SCR	298	Total	4,440	100%	4,440	1,490%		
		1	4,440	100%	4,440			
		2	0	0	0			
		3	0	0	0			
MCR	3,660	Total	4,440	100%	4,440	121%		

Solvency Overview (in €000s), as of Dec 2016 *								
Capital Requirement		Tier	Own Funds	Eligible %	Eligible Own Funds	Solvency Ratio		
		1	4,090	100%	4,090			
		2	0	0	0			
		3	0	0	0			
SCR	261	Total	4,090	100%	4,090	1,567%		
		1	4,090	100%	4,090			
		2	0	0	0			
		3	0	0	0			
MCR	3,904	Total	4,090	100%	4,090	105%		

^{*}Now presented in Euros following the change in presentation currency.

There are no differences between the value of Own Funds under Solvency II and the value of Equity shown in the Company's Financial Statements. None of the Company's Own Funds are subject to transitional arrangements. PLI has no Ancillary Own Funds. There are no ring-fenced funds and no deductions are made from Own Funds, nor is there any restriction affecting the availability and transferability of Own Funds within the Company.

E.2 Solvency capital requirement and minimum capital requirement

PLI uses an off the shelf system, VEGA, provided by Milliman to calculate its SCR using the Standard Formula. The Company does not use any Undertaking Specific Parameters (USPs) nor does it use simplified calculations for any of the risk modules.

Capital Requirements	2017	2016*
	€000	€000
SCR	298	261
MCR	3,660	3,904

^{*}Now presented in Euros following the change in presentation currency.

E.2.1 Solvency Capital Requirement

PLI's SCR split by risk module as of December 31st 2017 and 2016 is shown in the table below.

Solvency Capital Requirement	2017	2016*
	€000	€000
Heath NSLT underwriting risk	-	-
Non-Life underwriting risk	-	-
Market risk	-	-
Counterparty default risk	298	261
Undiversified Basic SCR	298	261
Diversification credit	-	-
Basic SCR	298	261
Operational risk	-	-
Standard formula SCR	298	261

^{*}Now presented in Euros following the change in presentation currency.

E.2.2 Minimum Capital requirement

PLI calculates its linear MCR using the prescribed formula. This is then compared with the Absolute floor of the MCR, the MCR cap and the MCR floor. Both the cap and floor are determined using the Standard Formula SCR.

Overall MCR calculation	2017	2016*
	€000	€000
Linear MCR	-	-
SCR	298	261
MCR cap	134	117
MCR floor	74	65
Combined MCR	74	65
Absolute floor of the MCR	3,660	3,904
Minimum Capital requirement	3,660	3,904

^{*}Now presented in Euros following the change in presentation currency.

The linear MCR is zero, because the Company has no technical provisions and wrote no premium in the last 12 months.

E.2.3 Material change in SCR and MCR

There was no material change in the SCR during the reporting period.

- E.3 Use of duration-based equity risk sub-module in the calculation of Solvency Capital Requirement PLI does not use the duration-based equity risk sub-module in the calculation of its SCR.
- E.4 Difference between the standard formula and the internal model used PLI does not have an Internal Model to calculate its SCR.

E.5 Non-compliance with the Minimum Capital Requirement and non-compliance with the Solvency Capital Requirement

PLI has been in compliance with the MCR and SCR throughout the reporting period.

E.6 Any other information

None noted.
